

LULA Specifications

Model & Type X3 (direct hydraulic)
 X5 (roped hydraulic)
 Capacity 1400#
 Code ASME A17.1 - LULA
 Speed 28 FPM
 Travel 25' maximum
 Platform 42" x 60"
 Hatch 57" x 69"
 Pit 36" / 12" with optional travel restrictor
 Overhead 11' / 9' with optional travel restrictor
 Landings 5 maximum
 Car Openings 1 or 2
 Door Size 36" x 80"
 Door Type Two speed side slide
 Operation Single button automatic with
 cartop inspection
 Power Supply 208 volt , 1 phase, 30 amp

CAB

Wall Finish Laminate
 Gate Type Two speed side slide
 Ceiling Finish Laminate
 Height 86"
 Handrails 1
 Floor Covering By Others

FIXTURES

COP 1
 Hall station 1 per landing
 Tel cabinet Optional
 Emergency light Optional
 Finish Stainless Steel

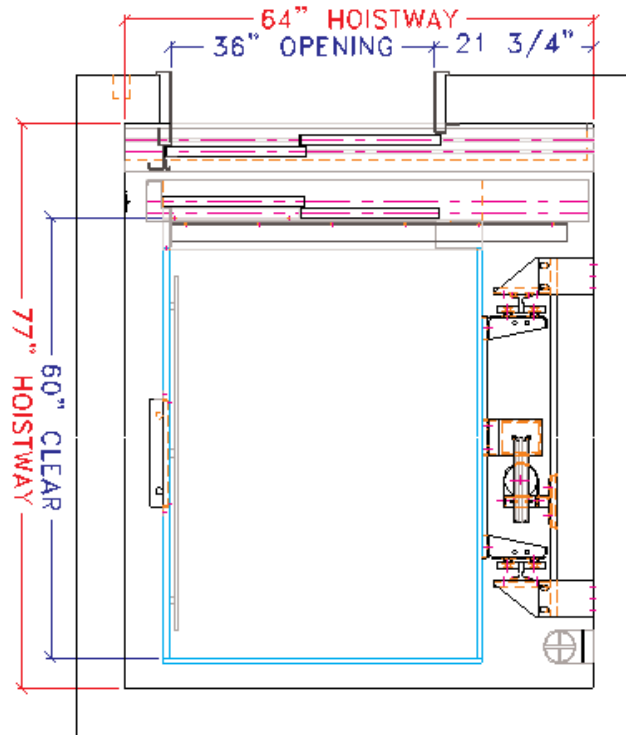

CONTROL

Controller Logic Microprocessor
 Control Voltage 24 volt
 Landing System Magnetic
 Pump Submersible Screw
 Valve 1speed with start acceleration
 and stop damping
 Battery lowering Optional
 Door Equipment GAL
 Gate operation Automatic
 Door operation Automatic

LULA Elevators

Barrier-Free Access

Accessibility is a concern for everyone. With new laws mandating barrier-free access, there is a growing public demand for vertical transportation for the disabled. The TIGER LIFT® series offer an practical and affordable solution to overcoming these barrier-free concerns.

Our TIGER LIFT® limited use / limited access (LULA) configuration complies with ASME A17.1 Elevator Code. The low cost and compact design of this elevator make them the ideal solution to vertical transportation issues for churches, office buildings, schools and private organizations.

All TIGER LIFT® LULA models incorporate our advanced frame design and allow for a diverse array of configuration options. Making it the perfect choice for existing buildings by keeping structural and electrical modifications to a minimum, while providing a quiet operation and superior ride quality.

Power Door Operation

Elevator Concept offers a LULA elevator with power doors. The optional power operator features a smooth, quiet linear screw drive and magnetic link provides safe and dependable automatic gate operation.

Technology, Reliability, Quality

Since 1986 Elevator Concepts has designed and manufactured high quality TIGER LIFT® elevators specifically for the residential and access market.

All TIGER LIFT® elevators combine the latest technology with value, quality and reliability, with innovations like vacuum stress skin cabs and Hall effect electronic switches. Every TIGER LIFT® is backed by superior customer service, technical support, and an one year limited warranty.

Warranty

Your investment with Elevator Concepts is protected with a one year limited warranty against defects in material or workmanship.
